

**Project title:**

*Inclusive Innovative Education*

**Program:** KA104 Erasmus+ - staff mobility

**Duration:** 01.06.2020 – 31.12.2021

**Participants:** Teachers in adult education at SOTS

**Outline:**

Through cooperation, collaboration and exchange within a national and European context, this project we hope:

- to dismantle misconceptions and stereotypes
- to better integration and collaboration among co-workers
- to improve the potential to exchange experiences, learning opportunities with professionals/peers in a European/international setting
- to enhance teaching/learning strategies and methodologies for mixed ability classes
- to gain access to innovative/relevant learning/teaching methods and skills for: ICT, maths, language acquisition, social skills/interaction
- to allow for the acquisition of pedagogical competences in dealing new classroom settings for adults in secondary school education. This because they bring diverse life/work experiences, health situations, different cultural realities and even social behaviorisms
- to promote productive learning environments that promote Life-Long Learning opportunities
- to widen scope of knowledge, skills and competences among teaching staff at a personal Level, thereby incentivizing ambitions of LLL
- to create opportunities for lasting partnerships with other European educational professionals and institutions
- to foster motivation and success rate among students with far-reaching potential beyond SOTS, as our students move out into the county, nation and world at large.
